Textbook Rentals – Planned procedures for the end of the semester:

Due to the shift to remote learning, the Lehigh Bookstore has allowed a 10 day grace period for all textbook rental returns. Additionally, a pre-paid UPS label is available for all rental returns to easily ship your rentals back. Details will be emailed individually with a link to the pre-paid label.

Options for international students:

- Rental customers can keep the books and allow the late charge to occur. Once they return to campus in the Fall, they can return their materials and our Bookstore Manager will fully reverse the charges.
- Rental customers can buyout their books (information emailed directly to each customer with amount and buyout process). Rental customers would then own their book(s) outright and not need to return.
- Rental customers can call or email the bookstore to exchange or convert their rental to a purchase. In some cases, it may be more cost effective than the buyout option above.
