

Parking Improvements for 2021-2022

Transportation & Parking Services recognizes the shift in parking needs due to Lehigh's current remote status and the potential for continued remote or hybrid work for some departments. As such, we have worked to provide campus with flexible parking options to accommodate and support a variety of parking needs for the 2021-2022 fiscal year.

This shift in parking needs has allowed us to identify a new and improved commuter parking zone - the Sayre zone. The Sayre zone replaces the Founders Way commuter lot. Those who choose the commuter parking permit in one of the Sayre zone locations can easily take the Campus Connector to get to/from the Asa Packer, Goodman, & Mountaintop campuses; some may even choose to walk to the Asa Packer campus.

With a focus on flexibility, all faculty/staff parking permits are valid in the 2 hour short term parking spaces on the Asa Packer campus and in the 4 hour short term parking spaces on the Mountaintop campus.

In addition, during academic breaks, the Alumni, Farrington, Southside & Zoellner permits are valid in the Mountaintop and Goodman zones, and the Mountaintop & Goodman zone permits are valid in the Asa Packer Residential zones.

If you will be working remotely and will only visit campus periodically, please contact Parking Services for daily permit options or sign up as a commuter to receive all of our commuter incentives. You may also park in:

1. Zoellner garage level 1 and pay at the kiosk or with the Passport Mobile app
2. Alumni garage level 1 and pay with coins or with the Passport Mobile app
3. Iacocca Visitor parking lot and pay at the kiosks or with the Passport Mobile app
